

GERMANY TO RETURN GREEK ARMY CORPS

Guarantees Demanded, However, That Entente Will Not Seize Troops.

BULGARS KIDNAP A FORCE

Venizelos Reported to Be Likely to Leave Athens and Head Revolution.

London, Sept. 24 (Sunday).—A Reuter despatch from Athens says: "It is officially announced that the Bulgars, retreating from Florina, compelled a company of the Thirty-third Greek Infantry Regiment to accompany them."

"The publication of such news, which is liable to irritate the people against the Bulgars, is a new departure." Gottlieb von Jagow, the German Foreign Minister, has agreed conditionally to the return of the troops of the Fourth Greek Army Corps, transported from Kavala to Germany. The Greek Minister at Berlin has been told that effective guarantees must be received that the troops are not to be intercepted by the Entente while returning home via Switzerland, nor punished for their "loyal and neutral feelings and actions."

The correspondent at Athens of the Daily Mail hints at the likelihood of former Premier Venizelos leaving Athens shortly for one of the districts where a revolution has been started, where he will be able to organize the whole revolutionary movement.

"The Kingdom of Greece," says the correspondent, "is now only a name. Salona, Thessalonica, Chios, Samos and Mytilene no longer are governed from Athens. Crete and Cyclades are about to follow suit. A proclamation of independence has been issued in Thessalonica. The Larissa district is bidding its time, while Phocis and Acarnania are wavering."

"Only Athens and Peloponnese (Morea) remain, and Athens is placarded with such appeals as 'Draw the sword, King, or abdicate.' It is evident that the King's authority is almost gone. Houses in Athens stored with arms for revolutionary purposes are openly guarded, and the King does not dare openly to challenge the least act of Venizelos. If Venizelos chooses to leave Athens to lead a separate government elsewhere no one will oppose him."

New Proposals by Greece.
ATHENS, Sept. 21, via London, Sept.

23 (Delayed).—The Greek Government is said on the best authority to have rejected definite proposals to the Entente capitals which, if accepted, will mean Greece's entry into the war. If the uncertainty of the relations between Greece and the Entente continues it is regarded as not probable that Greece may declare war on Bulgaria on her own account.

Ex-minister Venizelos in an interview given here declared that the Greeks must defend their national interests regardless of the government. He is quoted as saying: "Although Rumania entered the struggle the court party which governs seems to persist in the policy of what is called neutrality. This policy is persisted in even after the shameful Kavala incident. You ask me what the future will bring. I am not in the position to know, but certainly something must be attempted if Greece does not wish to die."

"What was done at Salonica, though improved and increased, did not prevent manifestations in the islands of the archipelago, show that every one realizes that if the Government has forgotten its duty toward the nation, the nation must itself immediately take in hand the defence of its own interests."

SHIP SHELLED, 40 LOST.

Captain of Stena Says Attack Was Made Without Warning.

Officers of the steamer San Guglielmo of the Pelice Line, which arrived here from Naples and Genoa yesterday, brought word of the sinking of the steamer Stena on the 14th of the Mediterranean. As the San Guglielmo was nearing Naples on August 4 on the outward voyage several men were sighted clinging to wreckage.

The ship picked them up, rescuing altogether eighteen sailors and one passenger of the Stena, who had been in the water for five hours. When the San Guglielmo reached Naples they found there Capt. D. A. Pasani of the sunken vessel. He told Capt. Fabio Pigari of the rescue ship that about noon on August 1, with no submarine or warship in sight, a shell struck the bridge.

Another shell crashed into the engine room, where it blew away the main steam pipe. The shells set fire to the vessel, and in a short time the Stena lay on the water's edge. The ship carried 100 in the crew and 35 passengers, besides 36,000 bags of coffee from Colon. Forty lives were lost. Italian cruisers and towing steamers saved many of the crew.

Colchester, British; Prins Hendrik, Dutch, Taken Into Zebrugge.

London, Sept. 23.—The Dutch mail steamer Prins Hendrik, which left Flushing this morning for London, having on board a number of Russians, French, Belgians and British, including some escaped war prisoners, was captured twenty miles out from Flushing by the Germans and taken to Zebrugge, where sixty-four of her ninety-eight passengers were taken off.

Several Americans were aboard the steamer, including Herbert C. Hoover, chairman of the American Commission for Belgian Relief, but these were not molested in any way.

The steamer was later released and returned to Flushing. It will proceed for London Sunday.

Heavy Mails were Aboard, among them much from America. According to the latest advice the American mail was not touched.

One report says a submarine made the capture. Another says that the German craft was a destroyer.

British Ship is Captured.

Sept. 23.—The capture by German sea forces of the British steamship Colchester on Thursday night was reported today by the Overseas News Agency. The Colchester was taken to Zebrugge.

This is the third time that he Germans have announced the capture of British steamships engaged in traffic between England and the Continent. On June 16 the steamship Brussels was captured by German destroyers and taken with her passengers into Zebrugge. The captain of the Brussels, Charles Wyatt, was out to death on the charge that he had attempted to ram a German submarine.

marine. Early in July the British steamship Lestrade, from Liverpool, was seized by German warships not far from the English coast.

The Colchester, 1,200 tons gross and 280 feet long, was built at Hull in 1888 and owned in Harwich.

Two steamers named Prins Hendrik, both of Dutch nationality, are listed in marine records, one being a vessel of 1,846 tons gross and the other a steamer of 244 tons.

ATTACKS GERARD AS PEACE INTERLOPER

Berlin "Tageszeitung" Says U. S. Attitude Is Menace to Germany.

AMSTERDAM, Sept. 23.—The Berlin "Tageszeitung" criticizes Prince Alexander of Hohenzollern's recent article in the "New Zürcher Zeitung" in which he declared that Pope Benedict and President Wilson must bring about peace if general European bankruptcy is to be avoided, and expressed the belief that a cessation of American supplies of munitions to the Allies would be followed mechanically by the cessation of the war.

basis for a new attack upon President Wilson and Ambassador Gerard, pointing out what it declares have been the repeated declarations of the President, Secretary of State Lansing and the Ambassador that "the duty of the United States is to interfere as a mediator and participate in the peace negotiations not as a mediator, but actively, just as one of the belligerents."

The newspaper declares that this attitude menaces Germany, and continues: "Peace under American auspices could never be a German peace, but would contain in itself German dependence upon the United States and therewith upon our enemies."

Major Morhart referring in the "Berliner Tageblatt" to the fighting on the Somme says: "Something in this may perhaps change the course of things during the autumn or winter, but at present we must reckon with a continuation of the struggle. The enemy is still standing. If America, the costly calculating promoter of all the resistance, does not

desist from its bloody business, it can only bring the enemy to a recognition that an endless continuation of the struggle in Europe will only waste the spoils of these chattering helms to Europe."

Swiss Out of Peace Moves.
London, Sept. 23.—Switzerland probably will take no action in the future in an attempt to bring about peace negotiations. A Reuter despatch from Bern says the Federal Council has received various requests for Swiss intervention in favor of peace, has decided to recommend that these suggestions be not acquiesced in.
